

PLANS TO BREAK WORLD RECORD IN GIANT BALLOON

Leroy Taylor Will Start From
Waco, Tex., and Try to
Reach New York.

IS A 1,500-MILE TRIP.

Leo Stevens, Who'll Sail With
Him, Building Huge Air
Bag for Voyage.

Hope of breaking the world's record for balloon flights, which has stood for ten years, fills Leroy Taylor, a member of the New York Yacht, the Larchmont Yacht, Larchmont and other clubs, and he will try to bring the trophy to America by a flight, to start within the next few weeks, from Waco, Tex.

His associate will be Leo Stevens, perhaps the best known professional balloonist in America. The balloon, which is to be the largest spherical one ever made, is being put together in Stevens' shops in Ninth avenue.

Waco was selected as the starting point after much consideration, in which the meteorological observations of the Weather Bureau figured largely. Favorable wind currents will give a balloon ascending there the longest possible flight in the general direction of New York.

Provision for a Month.
Waco is sufficiently inland almost to obviate the danger of being blown out to sea. Also it is within the zone of comparatively steady-blowing winds at certain seasons of the year. It is in the hope of getting one from the south-west that the flight has been timed for January.

The balloon will carry water and provisions for a month. This is considered essential, as long stretches of desert land must be passed over and the aeronauts may have to land where water and food are unobtainable.

The present record for length of flight is held by Count de la Vaux, who with St. Victor rode from Vincennes, France, to Korostychev, Russia, 1,190 miles, in October, 1900. Clifford Harmon holds the endurance record of 48 hours and 46 minutes in the air.

Will Lift 13,000 Pounds.
The balloon now being built is being developed along lines that it is hoped will permit it to remain aloft from sixty to seventy-two hours.

The craft will take four months to build. It will have a lifting power of 13,000 pounds. As the bag and basket carrying two men and fully equipped will weigh about 5,000 pounds, this will allow 8,000 pounds of ballast. The bag is built of two thicknesses of special linen, with rubber between.

The bag will have a capacity of 200,000 cubic feet of gas, in comparison to 50,000 feet, with which the average balloon is charged. Special aluminum reflectors will be used above the basket work to deflect the rays of the sun and thus, in a measure, save the gas from the expansion induced by heat.

GOVERNMENT CLERKS' UNION

Steps Taken to Organize 28,000
Employees in Washington.

WASHINGTON, Dec. 20.—Uncle Sam's army of clerks in Washington is planning to organize a labor union, such union to be an affiliated body of the American Federation of Labor. The first step was taken a few days ago when the President's Cabinet took up the question of extending the clerks' working day a half hour.

A Cabinet officer, the head of a department employing thousands of clerks, said that he had no objection to the clerks forming into a union, but as soon as they began to make unreasonable demands they would be discharged. He said there are a million persons waiting to fill their places. There are 28,000 Government employees in Washington.

HER PET DOG RETURNED.

Mrs. William Levy of No. 61 East Seventy-fourth street thanked The World yesterday for the return of her little Japanese dog Togo, which was lost last week.

The dog is a highly prized pet, and when it was lost Mrs. Levy was much distressed. She advertised in several newspapers and called on the police for help, offering a large reward, but without result. Then she advertised in The World and the next day her pet was returned by the finder, who stated she had read the "ad" in The World.

Mrs. Levy writes: "I am happy to tell you that our little Japanese dog Togo has been returned to us. Many thanks for the assistance you have given us."

Are you playing Santa Claus to a man?

Remember the roominess of our stores; the real comfort of shopping here; our host of imported novelties which men want; our things men like to wear.

Some suggestions:

For traveling friends—

Traveling Bags, Suit Cases, Safety Razors, Folding Cases, Dressing Cases, Folding Umbrellas, Wardrobe Trunks, Steamer Bags, Knickerbocker Cases, Hat Boxes, Leather Suit Cases, Traveling Clocks, Shaving Mirrors, and much more on any hotel shelves, Carriage, Pocket Pencils.

For motoring friends—

Gaming Bags, Leather Caddies, Leather Head Rests, Clocks, Horns, Mirrors, Compasses, Binoculars, Maps, Folding Cases, Motor Cars, Receiving Cases, Dressing Cases, Foot Warmers, Boxes, Thermos Bottles, Decanters, Flasks, Jugs, Waterproof Hoods.

For sporting friends—

Sweaters, Sweater Jackets, Caps, Skating Shoes, Moccasins, Hunting Boots, Knickerbocker Cases, Hunting Bags, Golf Balls, Knickerbocker Cases, Hunting Knives, Squash and Tennis Shoes, Indoor Running Shoes, Gym Shorts, Basketball Pants, Hand-knit Socks.

For stay-at-homes—

Comfortable House Coats, Dressing Gowns, Bath Robes, Slippers, Lounging Suits, Coat Hangers, Writing Cases, Ash Receivers, Smoking Sets, Shaving Mirrors, Scarf Boxes, Hat Brushes, Military Brushes.

Anything bought now may be returned after Christmas.

Does he live far off?

Mail him to-day an Xmas scarf of his favorite color—a Keiser Baratheia.

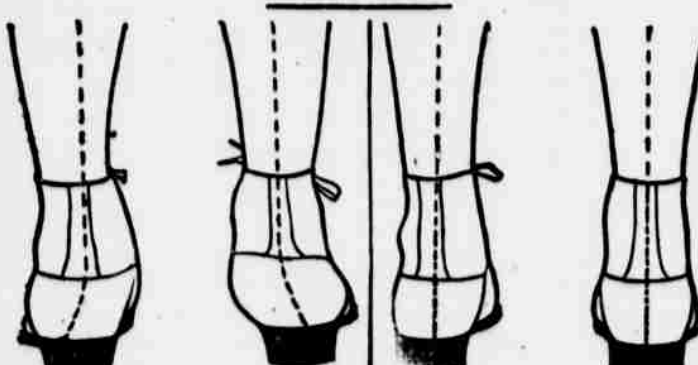

Or a Keiser fancy scarf that's sure to tickle his fancy because Kaiser scarfs are designed by men for men.

ROGERS PEET & COMPANY.

The Coward Shoe

The effect on the ankles of wearing shoes that do not support the arch.

The same feet in a pair of Coward Arch Support Shoes—ankle strain entirely relieved.

For Children Whose Ankles Turn In

The special construction of the heel of this shoe, which extends well forward under the waist of the foot, supports the muscles of the arch, and straightens the ankle. The improvement made is shown in the illustrations.

While wearing this shoe, the arch structure is held in its proper place, and "flat-foot" prevented.

Coward Arch Support Shoe and Coward Extension Heel, have been made by James S. Coward, in his Custom Department, for over 30 years.
